HYGEN™ MICROFIBER CHARGING BUCKET, YELLOW

HYGEN™ Microfiber Charging Bucket is ideal for healthcare facilities. The bucket is designed with a molded-in measuring guide to aid in filling with cleaning solution and grates to prevent oversaturation of microfiber wet pads. It provides superior productivity by reducing chemical usage to increase operational efficiencies and improve worker well-being.

FEATURES & BENEFITS

- Bucket is designed with molded-in grates to prevent oversaturation of microfiber mops
- Charging bucket is safe to use with all types of floor cleaning chemicals, including bleach, hydrogen peroxide, and d-Limonene based solutions
- Molded-in guide for measuring cleaning and disinfecting solution before mops are added
- A comfort grip handle makes the bucket easy to transport
- Easy opening and closing latches allow quick and easy access for workers while keeping others safe
- Non-porous surface is smooth and easy to clean to help prevent bacteria growth
- Use with up to 20 single-sided microfiber mops up to 18"
- Executive Series™ colors available for discreet cleaning that allows staff to blend into the environment
- Made in the USA
